

The Poolside Collection

Presenting Pacific Clay's Exquisite Poolside Collection

Featuring: Bullnose Brick, Tile & Pavers

Pacific Clay Products' Poolside Collection allows you to unify image, explore solutions, achieve an impressive statement, and establish that very special personality you look for in a pool. You now have unlimited free reign to

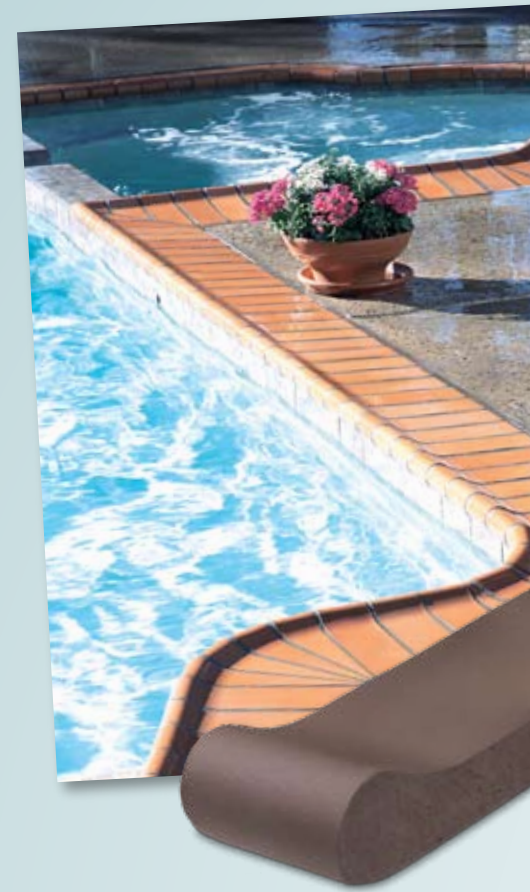

create your own masterpiece from a wide selection of carefully designed colors, patterns, shapes and sizes. Our Poolside Collection offers a discriminating line of pavers, tiles and bullnose brick.

The Pacific Clay Products' Poolside Collection is the perfect answer when seeking rich, earthy colors, patterns and exquisite textures. Utilized independently, or combined theme, the Pacific Clay Products' Poolside Collection is an excellent choice for exterior or interior designs.

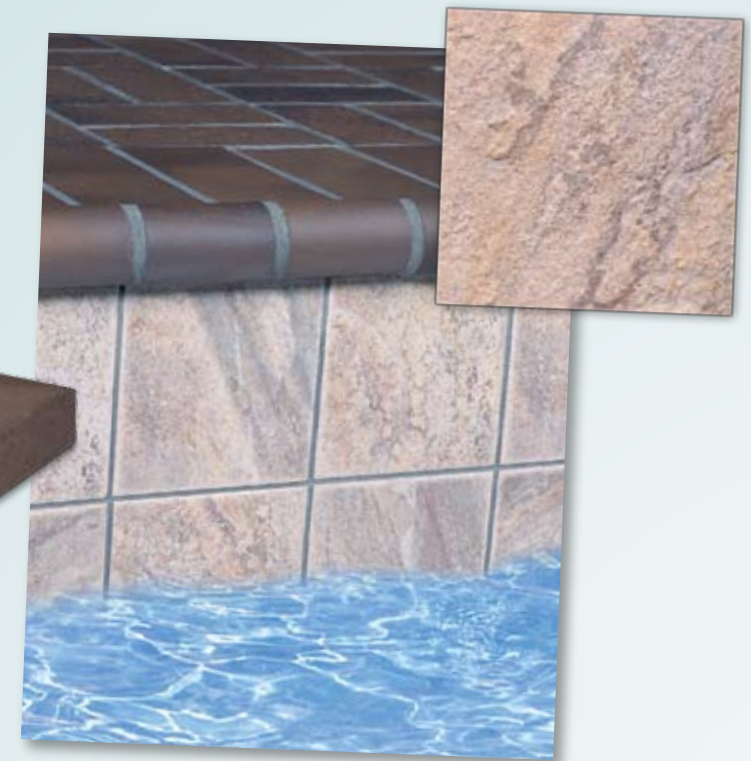

Pacific Clay is long known for its quality, crafted bullnose brick. We have extended this line to include our new Capella Bullnose and Safety Grip. Combining design, elegance and safety, these products offer you the finest in pool coping materials.

Add a special touch of elegance to any pool with Pacific Clay Products' Poolside Collection of Bullnose brick, tiles and pavers.

Pacific Clay Products' Safety-Grip Bullnose combines esthetic design with added safety.

Enhance your poolside architecture with the warmth and charm of exquisite Italian tiles.

Bullnose

The Pacific Clay Products' Bullnose family offers distinctive design flexibility and adds enduring beauty and durability in any poolside application. Pacific Clay Bullnose bricks are low in absorption, easy to clean and require little maintenance. Bullnose are available in 9" and 12" lengths, single and double ended and kord and solid bodies.

3" x 12" Surface Bullnose

Dark Iron Spot Bullnose with Nepal Kher Tile.

Capella Bullnose

Inspired by the warmth and elegance of Italian architecture and landscaping, Pacific Clay used its creative imagination to produce Capella Bullnose, a decorative enhancement for poolside coping. Capella offers all of the enduring qualities of natural clay. Its inherent durability and color integrity will provide years of maintenance free service through all types of climactic conditions. Look for Capella in two attractive colors which match Pacific Clay's existing family line of brick pavers.

Available in the following colors:

Sunset Red and Red Flashed

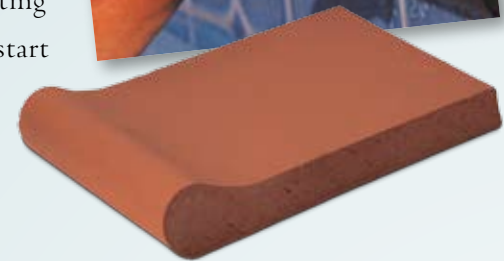

Safety Grip Bullnose

A craftsman-directed design, Safety Grip Bullnose combines the beauty and versatility of fired clay brick with the safety and labor saving workability of conventional concrete coping. Safety Grip Bullnose is longer (12-1/2") and thinner (1-1/4") than traditional bullnose, so it easily replaces concrete coping without removal or modification of the existing bond beam. It requires no cutting or grinding. Just remove the old concrete coping, clean the setting bed, and start laying brick. More importantly, the unique design of the Safety Grip's bulb end provides a safer, superior grip for pool users than traditional bullnose. Safety Grip Bullnose... it's the safe and cost effective way to enhance your investment with the timeless beauty of brick.

Available in the following colors:

Brown Flashed, Burgundy, Dark Iron Spot, Light Iron Spot, Medium Iron Spot, Red Flashed, Rose Tan, Royal Saltillo, Sterling Grey and Sunset Red

Standard colors available for all products listed below (except Retrofit Bullnose and Capella Bullnose):

Brown Flashed, Burgundy, Dark Iron Spot, Light Iron Spot, Manufactured Used, Manufactured Used White Only, Medium Iron Spot, La Paz, Pueblo, Red Flashed, Rose Tan, Royal Saltillo, Sterling Grey and Sunset Red.

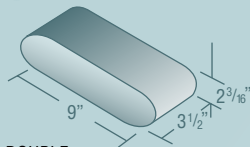

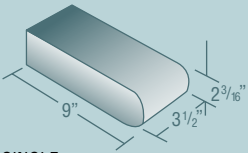

All Bullnose meet or exceed the requirements of ASTM C-902 and are Die Skin in texture.

*Wide Color Range

Custom Colors and sizes available (minimum order quantities apply).

Call Pacific Clay for literature on our full family of products such as Bullnose, Face Brick, and Thin Line.

Bricks in this brochure were photographed and printed to match the original brick as closely as possible; however, production runs vary slightly in color. Color ranges occur in each production run.

Pacific Clay's colors are produced from natural clays - color ranges are inherent in the product and should be sampled accordingly. Weights listed are averages; individual bricks may vary in dimension and weight while maintaining accordance with ASTM specifications.

Pacific Clay Products maintains the right to revise packaging and products inventoried.
